Students may prepare for application to the medical schools by taking courses at the University of North Texas and applying through the Pre-Medical Program. Since the medical school curriculum is rigorous, it is necessary to prove to the medical schools’ admission boards that you are capable of success in their programs. You may choose any major at UNT, as long as you complete the pre-med prerequisite courses required by each medical school. Below are admission requirements and advice that may lead to your successful enrollment in the medical school of your choice.

Admission requirements to medical school:
1. **Bachelor’s degree** (there are rare exceptions when an applicant shows exceptional scholastic achievement and performs well on the Medical College Admission Test (MCAT) and may be admitted a year early to some schools)
2. **GPA**: Maintain a 3.5 or higher GPA (GPA of those admitted in 2012 was 3.73)
3. **MCAT scores**: make the average score for applicants for the year you are applying (for entering year 2012, the average MCAT was 31.0); no scores older than 5 years are accepted.
4. **Get involved!** Participate in a variety of extracurricular and volunteer activities at UNT and in the community.
5. **Complete prerequisite courses.**
   - Non-science majors are strongly recommended to take at least 6 hours of upper level biology credits: BIOL 3381/3382, BIOL 4201/4202, BIOL 4110, BIOL 4091/4092, BIOL 3800/3810, BIOL 3510/3520, BIOL 3451/3452, BIOL 4300, BIOL 4505/4506, BIOL 4530/4540, BIOL 4570/4580 or BIOL 4750/4760
6. Apply to the Texas medical schools through the Texas Medical and Dental Schools Application Service (TMDSAS) at www.utsystem.edu/tmdsas. Applications become available May 1 of each year.
7. **Composite letter of evaluation** from the UNT Pre-Professional Advisory Committee (PPAC) (preferred by medical schools):
   a. Complete PPAC file the semester you are applying. It will contain:
      i. letters of recommendation from professors (at least 1 Chemistry and 1 Biology)
      ii. Complete the “Applicant Data Sheet” provided by Dr. Beck
      iii. Transcripts from all schools attended
      iv. Copy of MCAT scores
8. **Interview with PPAC**

**UNT Workshops & Seminars:**
- Personal Statement Workshop provided by PPAC
- Application Seminars by the PPAC
- Interview Workshop by the PPAC

**MCAT information:** It is now computerized. Go to the web site at www.aamc.org/mcat for more info.
1. Composed of 4 sections:
   a. Physical Sciences (General Chemistry and Physics)
   b. Verbal Reasoning
   c. Writing sample (2 essays)
   d. Biological Sciences (Biology & Organic Chemistry)

**Contact:**
Deborah A. Beck, Ph.D., Director of Health Professions & JAMP Faculty Director

healthprofessions@unt.edu
GAB 220, 940/565-2051
1155 Union Circle #305189
The course requirements for the Texas Medical Schools are:

Biology - a minimum of 14 semester hours; Baylor requires only 8 hours of Biology; Texas Tech requires 6 hours of upper level biology courses + 8 hours of general biology;
Chemistry: 8 hours General Chemistry and 8 hours Organic Chemistry;
Physics - 8 hours General Physics;
English composition (6 hours);
Mathematics – MATH 1680 (statistics) or MATH 1710 (Calculus) – Texas Tech, TAMU-HSC, UNT-HSC and San Antonio REQUIRE a statistics course starting application year, 2011. UTSW, UTMB and Paul L. Foster require 3hrs in calculus or statistics.

Baylor College of Medicine requires 1 year of General Chemistry (with labs), 1 year of Organic chemistry (with labs), 1 year of General Biology and 1 year of English courses.

Courses listed above do not meet requirements for any degree at the University of North Texas. A major must be chosen and courses must be completed that fulfill requirements for a Bachelor’s Degree.

Students should schedule math course(s) in accordance with their placement and after consultation with an advisor.

*These courses are not required by the medical schools, but are STRONGLY RECOMMENDED before taking the MCAT.
